## Trainee Lawyer in secondary employment (m/f/d)

Since more than 35 years, we are now an innovative research company and partner of the global automotive industry. We deliver our worldwide customers with the full range of engineering services including conception and simulation, as well as design and engineering of prototypes, and their experimental testing.

### Your Challenge

- ▶ You support our in-house lawyer in particular in the areas of contract review and drafting, labour law and data protection law
- ▶ Step by step you will take responsibility for the drafting and review of contracts and non-disclosure agreements
- ▶ You are involved in all legal issues arising in the day-to-day business

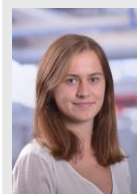

### Your Profile

- ▶ You have successfully completed your first state examination in law and are looking for a part-time legal occupation
- ▶ Ideally, you already have legal experience in the field of research and development contracts, labour law and/or data protection law
- ▶ Due to your good comprehension you quickly familiarise yourself with unknown legal topics
- ▶ Good written and spoken German and English skills complete your profile

### What We Offer

- ▶ Challenging tasks in a highly motivated team
- ▶ A dynamic and challenging work environment
- ▶ Pleasant working atmosphere
- ▶ Flexible working hours
